

# WHO IS PUENTES LANGUAGE PROGRAMS?

## - Our Mission -

To promote multi-cultural awareness and an appreciation of diversity through language.

Puentes is a locally-owned language teaching company serving the needs of the Treasure Valley. We offer a fun, intensive language experience for introductory and intermediate level students. Our programs are taught entirely in the target language, whether it is Spanish, Mandarin, or English. We offer various programs that will immerse the learner in the language in the same way they learned their native language. With age-appropriate interactive games, cultural activities, songs, crafts, food, stories, and conversation, the student will progress rapidly in their language ability while having a lot of fun.

## PUENTES PROGRAMS

Puentes has been offering Spanish immersion programs throughout the Treasure Valley for the past several years. We have programs in numerous elementary schools, programs for adults, for businesses, and for families who wish to learn a new language together or to travel. We also offer Mandarin Chinese and English.

## SUMMER SPANISH CAMPS

Puentes Summer Spanish Camps are a fun, intensive language experience that immerses your child in the valuable Spanish language with interactive games, cultural activities, songs, crafts, food, and conversation. – June – July – August –

## **KINDER SPANISH CLASSES**

Afternoon conversational Spanish program for kindergarteners.

## **TRAVEL SPANISH CLASSES**

Puentes offers Adults and Families the ability to travel to Spanish speaking countries with confidence and the opportunity to learn much of the language and culture – a very fun and cost effective way to learn the language! Upcoming: Volunteerism trip to **Costa Rica- June 2010**

## **ADULT SPANISH CLASSES**

We have ongoing conversational Spanish classes for adults throughout the year. Our approach works!

## **SPANISH FOR BUSINESSES**

We teach customized programs with terminology and content tailored for your business.

## **CHINESE & ENGLISH TOO!**

We now offer conversational Mandarin Chinese and English classes as well, taught in our same, effective conversational approach.

## **FREE INTERCAMBIO GRATIS**

# PUENTES SPANISH IMMERSION PRESCHOOL

As a local Boise company, Puentes is dedicated to the educational success of our students. We know that more and more, success for our children depends upon a greater understanding of diversity and communication. Learning a second language will not only make your children smarter in everything they do, it will also give them the language edge in our ever-changing global economy.

Puentes has developed an immersion teaching method and curriculum based upon the High Scope child-centered approach that includes TPR and TPR Storytelling methods and other successful preschool methods plus our expertise in language learning. These methods offer your children the quality preschool education you want with the exclusive Puentes advantage of learning Spanish in the process!

Our program aims to provide your children with all of the preschool advantages you expect including socialization, motor skills, and math and reading skills, while at the same time developing their ability to comprehend and communicate in Spanish. Children are immersed in the Spanish language continually in our preschool. All activities are conducted in Spanish including instruction, games, songs, computer time, and snacktime. Children are not forced to speak Spanish, but are encouraged to, as they are ready. Just like when they learned their first language, they will require some time simply hearing Spanish before they will be ready to speak it. Gradually at first, and then progressing, they will be able to speak Spanish. At the same time they will learn preschool skills and concepts.

Early childhood is proven to be the best time to learn a second language. Providing your child with this opportunity may be one of the best educational gifts you can give.

Puentes Preschool offers a 6:1 student : teacher class ratio.

## SCHEDULE

Puentes Preschool is offered from 1 to 5 days per week in either the morning or the afternoon. Full-day preschool + daycare is now available. **Plus, we offer an afternoon Kinder program!** See website for more details on the daily routine.

## AGE & ABILITY LEVEL

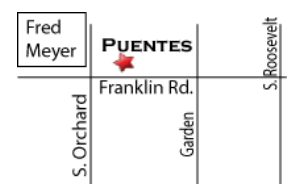

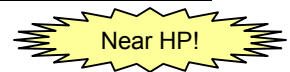

Puentes Preschool is for children aged 3 to Kindergarten. Prior Spanish is not required or expected.

## PRICING

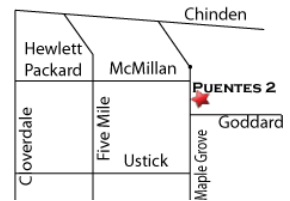

Puentes Preschool is priced competitively with other preschool programs. With flexible schedules and acceptance if ICCP payments, Puentes Preschool will enable your child to become bilingual quickly and easily!
